BODGER'S  
GIANT DAHLIA  
FLOWERED ZINNIAS  
AWARDED GOLD MEDAL  
AND "AWARD OF MERIT"  
BY THE H. SOCIETY  
OF LONDON, ENGLAND

Master 100 Golden Globe undoubtedly is the most regular novelty of the season. We are entirely sold out of the new crop which will be ready in August. Reports coming from countries where Golden Globes has been flowered leads us to believe this will be the most popular novelty for the season of 1932. It is becoming popular as a window box plant and also for pot plants. When grown in pots the habit is inclined to be a bushy one and the flowers make a golden mass above the foliage. It is most attractive and its perfume adds to its attractiveness. Flowers will retain their perfume and freshness for a week when kept in water.
